WORK EXPERIENCE

System Developer

Wunderman Dhaka | SoftwarePeople

02/2018 – Present

Tasks

- A full-stack developer in a full agile team to build a MOM(Marketing Operations Management) web application(BrandShare) for large corporations(like Dell, Ford).
- Need to work with various technologies to build the application. In frontend, from classical javascript to modern frontend framework like angular. For backend we write console application tools, rest APIs, windows services etc.

Software Engineer

IPVision Canada Inc.

09/2016 – 01/2018

Achievements/Tasks

- Developing desktop client for ringID using WPF, XAML and MVVM pattern. 🔗

Software Engineer
